Hi Rich,

We are organizing a program for next Thursday morning, 8-9 am, focusing on the spill in the Animas River. I'm hoping to have someone from EPA join us on the phone during part of that time to talk about scope, next steps, etc. Normally I'd reach out to the Dallas office but I'm touching base with you because the spill originated in Colorado. Can you tell me if anyone is available? Feel free to give me a call, my number is below.
